

SpaceShip Company

Description

SpaceShip Company is a spaceship building company

Quote

You give us money, we build anything

Who is it?

Its main headquarters is located somewhere in Canada and it has multiple branches throughout Canada and the United States. It was started 50 years ago when Space became something that can be easily reached by man through spaceships.

Goals

Their goal is to monopolize the market in order to create a huge empire.

Attitude

Right now, they don't care about what is going on planet wise, all they care about is what they can get out of building these ships.

Behavior

They have advertisements are everywhere, their social media basically friended, followed, tagged everyone that uses the social media regardless of who they are. They believe that as long as they have money, they can do whatever they want.
